INTRODUCTION

- The introduction page is where you'll find the basic information on who was working on the projects, what software was used, along with details of my responsibilities in the project.

To move on to the next page, click here

This icon will take you back to the title page

Clicking this arrow will take you back a slide

INDEX

The index page is guides you through to chapter index… each bullet point is a hyperlink that will skip you to the relevant chapters index.

TUTORIAL INDEX PAGE 1

There is always an arrow indicating which chapter index you are at

Click on the next chapter

PROJECT PAGES

▪ On project pages, you'll find images of work I have produced

On these, you'll see two large additional arrows that skip to the chapter index

Click this arrow to skip forward to the next chapter index

Click this arrow to skip forward to the next chapter index

TUTORIAL INDEX PAGE 2

Click on the next chapter or the index link "End"

Navigation bar

END

This tutorial is complete. Please click the project back and select a project from one of the architect practices I've worked at for an example of work.

The icons are the same in every project to make it simple to navigate

Click the "Projects" icon to go back to the projects page.
This can be done at any time while looking through a project
